E-1 H

XXXXXXXXXXXX STATEMENT

Sept 13/95

Watched 10 natives, some with rakes combing sand where I later learned Dudley George was shot.

Saw 5 - 6 natives digging something out of posts, trees and A-frame shacks that would have been behind OPP TRU (Tactical Response Unit) on the night George was shot.

Aug/95

Driving North on Hwy 21 past base. Saw brown van pull up to Dudley George's trailer (near fence) and five natives got out with rifles. One was George who had a rifle with a scope. Knew George well - was short, handlebar mustache, always wore folded bandana as a sweat band, never covering his head, always wore sunglasses. The men went into the George trailer.

Earlier in the month shots were fired near at Bosanquet town works crew by natives firing from a brown van on the occupied former CFB Ipperwash, according to new reports.

I have told the following investigators both of the stories above:

1. Chris Martin
OPP Investigator
Chatham HQ
- signed sworn stmt.

Sept 13/95 2000 HRS
@ Forest Golf & Country Club

7 days after death of George

- remember day because car was stolen & OPP would not come because they were targets
2. Jim Kennedy - Approx May 1996
Special Investigations Unit (SIU)
- signed sworn stmt.
 3. Al Lebrasseur - Approx Fall 1996
Investigator for XXXXXXXXXXXX
Lawyer for XXXXXXXXXXXX
- took notes only
 4. Peter Baker - Late 2005
Eagle Investigations
London, Ont.
- working for OPP legal team
took notes only
took original copy of XXXXXXXXXXXX's submission to Ipperwash Inquiry. Said he did not receive copy of XXXXXXXXXXXX's document.

I also wrote a letter to the Forest Standard in approx. Sept. 1998 regarding the Sept 13/95 events - observing what appeared to be to me the sanitization of the crime scene by natives.

After my letter was published I was subjected to verbal abuse including, "ASSHOLE", "MOTHERFUCKER".

This continued for years afterward wherever I went in Ipperwash area, always by natives.

I had rifles and a crossbow pointed at me by natives – (2X) Rifle: in front of house we owned on Beach.

Crossbow: on Beach, approx 1,000 ft. from our house. I was in my car. They were standing by their car.
