

MARCH 6, 1996

FS

TO WHOM IT MAY CONCERN:

What is our Govt doing to us in this region.

We have been in an unrest situation for the past year plus over the Army Camp and Provincial Park etc.

Where will all the tourists be this coming summer???

We feel like prisoners in our own county. Our properties cannot be sold and you are always living in fear that your residence will be vandalized.

All the destruction that has taken place at the Army Camp it is disgraceful and all your and my money has gone into this place that we used to feel proud to call it the Army Camp and all the young people that trained there every summer. It was a real pleasure to see them at their passing out ceremony.

All the destruction at the Prov. Park Who is going to pay for this, the same old answer you and me. WHY WHY WHY.

Can our elected officials not do something and when we have lawyers from the Govt. to talk to the Kettle Point etc and they can't come to any agreements. It truly is very sad. When an offence is committed THEY disappear into the army Camp grounds and what can our OPP officers do. NOTHING. bureaucracy has their hand tied. Why not get the RCMP they are part of the govt. can they not do something, we also have them on our payroll.

WHERE DOES THAT LEAVE US ????????

A concerned Citizen
